REFLECT Reconciliation Action Plan

August 2023 - September 2024

We acknowledge the Traditional Owners of the land on which SANDAS and our members operate, recognising their continuing connection to land, water, and community.

We pay respect to Elders, past, present and emerging. We celebrate the stories, culture and traditions of Aboriginal and Torres Strait Islander people of all communities who also work and live on this land.

SANDAS is committed to ensuring that the voices, aspirations and needs of Aboriginal and Torres Strait Islander peoples are reflected in our work as we commence on our journey of reconciliation.

About the Artwork

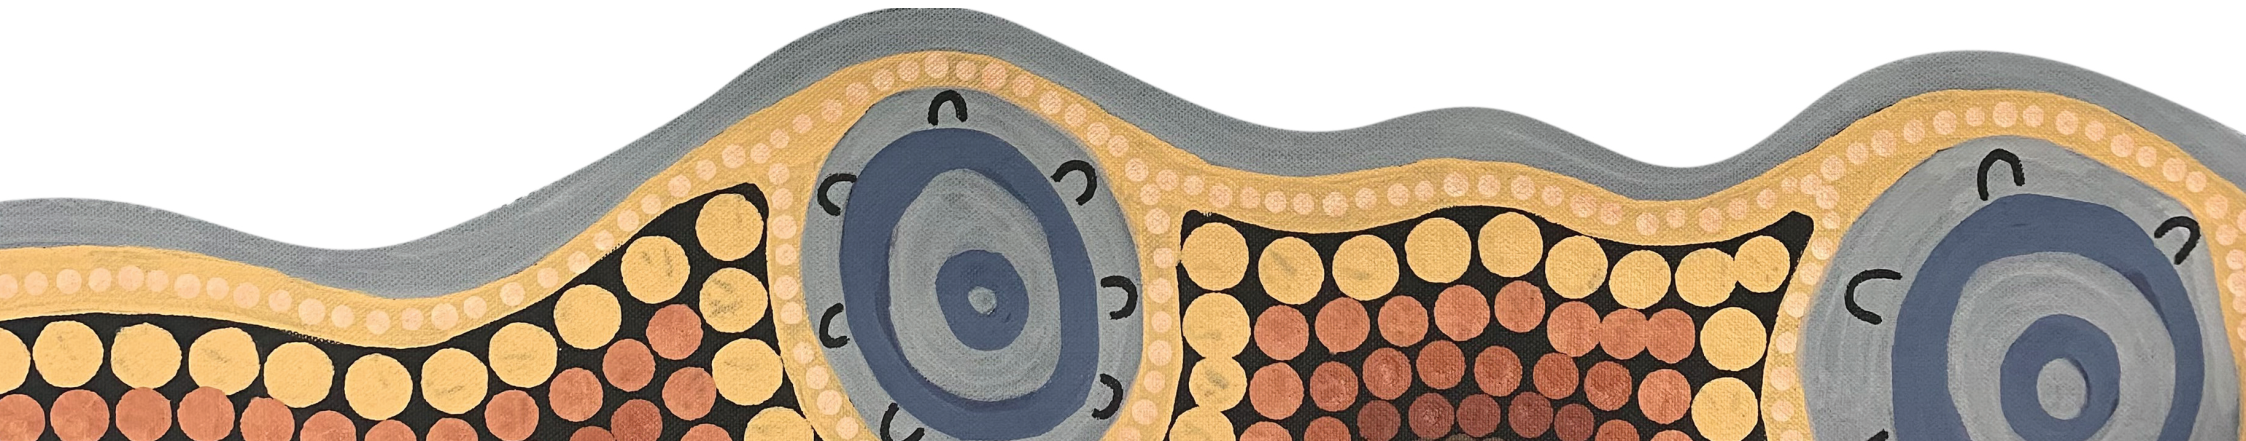

This Painting has four stories that depict an old landscape, a modern landscape, communities travelling across country and modern services and ancient practices.

The centre panel depicts these communities travelling over country where for millenia they have accessed their many healing practices from the old ways. The ancient lands are represented by the dotted landscape over which they travelled. The ancient practices are represented in the larger circles where healers and Elders are sitting.

Today these same communities traveling over the same lands have access to many services where twenty first century practices can be found. These new services and practices are represented in the large circles within the modern multi coloured lines of country.

Whilst there are new accessible services and practices, the old practices are still there to be utilized, and when communities are crossing country, there is a choice. People can choose from both traditional and modern practices providing greater potential for healthy communities.

Statement from CEO of Reconciliation Australia

Reconciliation Australia welcomes the South Australian Network of Drug and Alcohol Services to the Reconciliation Action Plan (RAP) program with the formal endorsement of its inaugural Reflect RAP.

The South Australian Network of Drug and Alcohol Services joins a network of more than 2,200 corporate, government, and not-for-profit organisations that have made a formal commitment to reconciliation through the RAP program.

Since 2006, RAPs have provided a framework for organisations to leverage their structures and diverse spheres of influence to support the national reconciliation movement. The program's potential for impact is greater than ever, with close to 3 million people now working or studying in an organisation with a RAP.

The four RAP types - Reflect, Innovate, Stretch and Elevate - allow RAP partners to continuously develop and strengthen reconciliation commitments in new ways. This Reflect RAP will lay the foundations, priming the workplace for future RAPs and reconciliation initiatives.

The RAP program's strength is its framework of relationships, respect, and opportunities, allowing an organisation to strategically set its reconciliation commitments in line with its own business objectives, for the most effective outcomes.

These outcomes contribute towards the five dimensions of reconciliation: race relations; equality and equity; institutional integrity; unity; and historical acceptance.

It is critical to not only uphold all five dimensions of reconciliation, but also increase awareness of Aboriginal and Torres Strait Islander cultures, histories, knowledge, and leadership across all sectors of Australian society.

This Reflect RAP enables the South Australian Network of Drug and Alcohol Services to deepen its understanding of its sphere of influence and the unique contribution it can make to lead progress across the five dimensions. Getting these first steps right will ensure the sustainability of future RAPs and reconciliation initiatives and provide meaningful impact toward Australia's reconciliation journey.

Congratulations South Australian Network of Drug and Alcohol Services, welcome to the RAP program, and I look forward to following your reconciliation journey in the years to come.

Relect Reconciliation Action Plan August 2023 – June 2024

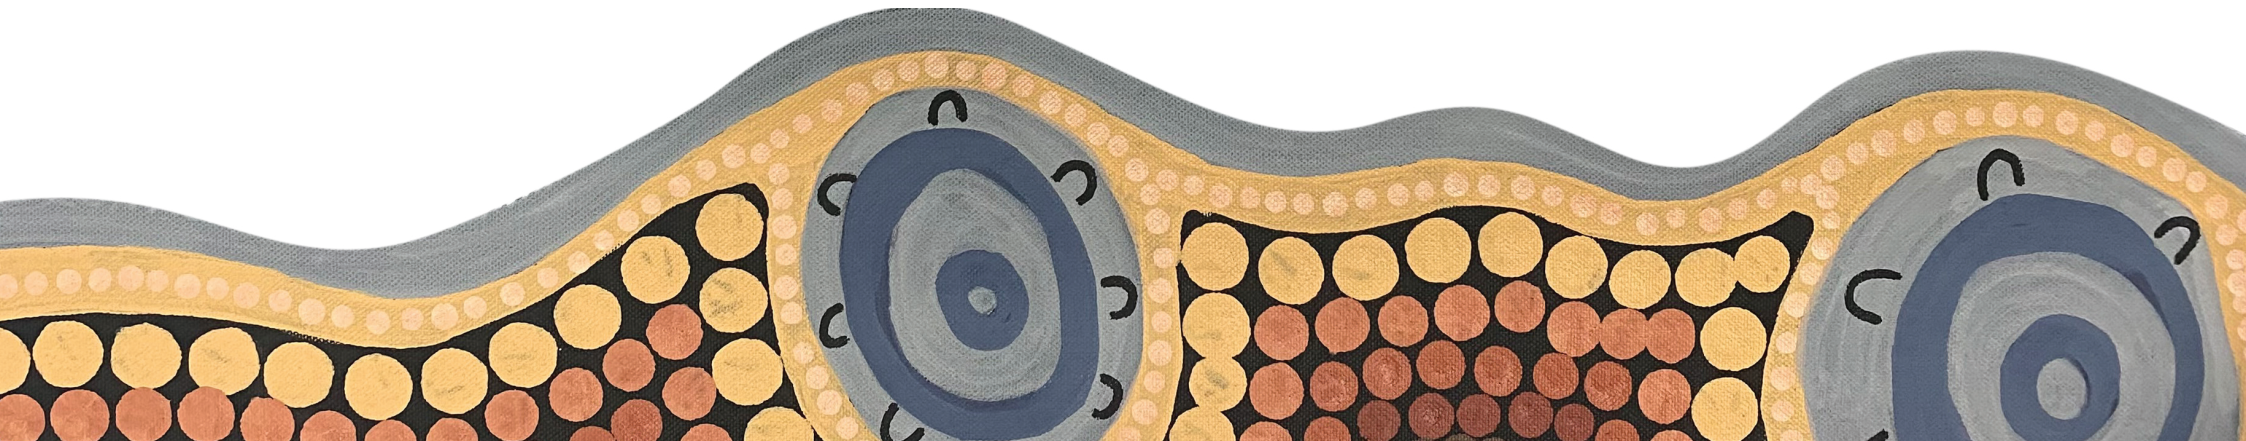

Our business

The South Australian Network of Drug and Alcohol Services (SANDAS) is the Peak Body for non-government alcohol and other drug treatment and support services in South Australia. SANDAS was established in 2004, to enhance community wellbeing and reduce the harms associated with alcohol and drug use. As the peak body, we provide independent, state-wide representation, advocacy and support for non-government organisations working in the alcohol and other drug sector, through networking and policy development. SANDAS is a not-for-profit association funded by membership contributions, the Australian Government Department of Health, Drug and Alcohol Services of South Australia, the South Australian Department of Health and a range of other organisations on a project basis.

Currently SANDAS does not employ any Aboriginal or Torres Strait Islander staff (we have an establishment of 3 full time equivalent staff). SANDAS operates in and on behalf of all South Australian non-government organisations that provide alcohol and other drug treatment, support, social and emotional wellbeing, early intervention and prevention services. This also engages us in working at national levels on issues that are cross jurisdictional or national in nature.

SANDAS provides a state-wide service based in Adelaide. Staff regularly travel to rural and remote South Australia and nationally as required.

Our membership includes seven Aboriginal Community Controlled organisations providing metropolitan, rural and remote services. The CEO of Nunkuwarrin Yunti currently sits on the SANDAS Board.

Our Reconciliation Action Plan

SANDAS is developing a Reconciliation Action Plan (RAP) as we have significant engagement with Aboriginal Community Controlled Organisations and Health Services that provide treatment, support, social and emotional wellbeing services, early intervention, prevention, and education and training in relation to alcohol and other drug use.

This includes services in metropolitan Adelaide (Nunkuwarrin Yunti and the Aboriginal Drug and Alcohol Council) and rural and remote South Australia including the Aboriginal Sobriety Group (state-wide service), Umoona Tjutagku Health Service Coober Pedy, Pangula Mannamurna, - Mt Gambier, Moorundi Aboriginal Community Controlled Health Service Inc. – Murray Bridge, and the Port Lincoln Aboriginal Community Health Service.

SANDAS will develop its initial RAP through consultation with member services especially Aboriginal and Torres Strait Islander controlled organisations. The RAP will engage members of the Board, staff (Executive Officer, the Senior Policy and Project Officer and the Quality and Communications Officer) and staff from member organisations both Aboriginal Community Controlled and mainstream.

SANDAS is in the commencement stages of developing a Reflect RAP with a view to developing further RAPs as appropriate in the future. The RAP will be championed by Michael White, the Executive Officer of SANDAS.

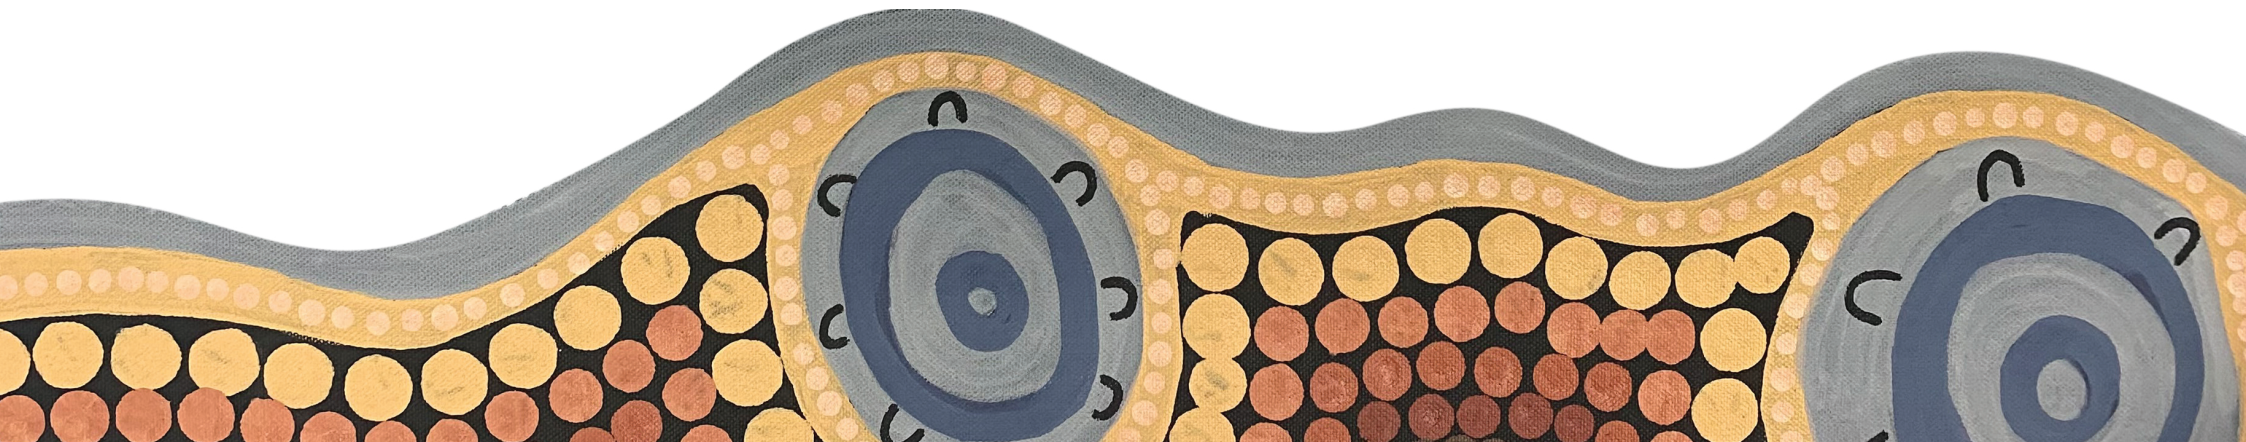

Our RAP working Group has the following members:

- Michael White, Executive Officer SANDAS, RAP WG Chair, RAP Champion
- Sam Raven, SANDAS, Senior Policy and Project Officer, Staff Rep
- Linda Stuart, Nunkuwarrin Yunti, Aboriginal Community Controlled Health Organisation, First Nations Member, Member Rep

- Anthony Tucker, Mission Australia, SANDAS Board/Member Rep
