ANNUAL REPORT 2024

SANDAS
South Australian
Network of Drug & Alcohol Services

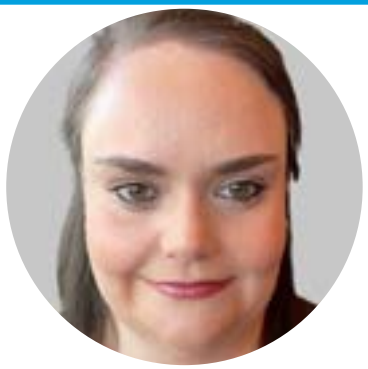
2023

> As we mark our 20th anniversary, it is essential to recognize the significant progress we have made and the critical role we have played in shaping drug and alcohol services in South Australia.

Alex Ingelton
SANDAS, Board Chair

2024

chair's report



As we commemorate the 20th anniversary of the South Australian Network of Drug and Alcohol Services (SANDAS), it is a privilege to reflect on our journey and achievements. This milestone not only signifies two decades of unwavering commitment to enhancing alcohol and drug treatment services but also highlights our continued evolution and impact within the sector. As we mark our 20th anniversary, it is essential to recognize the significant progress we have made and the critical role we have played in shaping drug and alcohol services in South Australia.

The past year marks both a moment of celebration and a testament to the resilience and dedication that defines SANDAS.

Strategic Plan 2024-2027

This year we developed a new Strategic Plan for 2024-2027. This plan sets a clear vision for a strong, well-resourced community sector dedicated to preventing and reducing the harm of alcohol and other drug use in South Australia. Our mission is to enhance community wellbeing and address the harm associated with alcohol and other drug use by elevating the voices of our members and the broader community sector through focused advocacy, workforce development, and a commitment to growth and continuous improvement.

The new Strategic Plan seeks to elevate the voices of people with lived and living experience, their families and carers. This plan will guide our efforts and ensure that we remain at the forefront of addressing the evolving challenges within our sector.

Reconciliation Commitment

This year also saw the formal launch of our Reflect Reconciliation Action Plan (RAP). This important initiative underscores our commitment to fostering respectful and meaningful relationships with Aboriginal and Torres Strait Islander communities. The Reflect RAP outlines actionable steps to advance reconciliation and integrate these principles into our organisational practices, reflecting our dedication to promoting equity and inclusion.

Advocacy Successes

One of our most significant accomplishments this year has been our successful advocacy efforts with the federal government. We championed the continuation of the South Australian services previously funded under the SA Treatment and Support program. Securing over $15 million in funding for the next two years for these 10 essential services underscores our effective advocacy and the importance of these programs in our community. This success ensures that vital support and treatment services remain available to those who need them most.

chair's report

Partnerships and Funding

Our partnership with the Australian Alcohol and Drugs Council (AADC) has been instrumental in advocating for the maintenance of the Drug and Alcohol Treatment Support Measures (DATSM) funding. In addition, our collaborative efforts to secure increased indexation for providers have been crucial in addressing the financial pressures faced by service providers. These accomplishments reflect our commitment to ensuring that our sector is adequately supported and equipped to meet the needs of our clients.

Innovation in Peer Support

We are proud to have continued developing the Peer Network, a groundbreaking initiative designed to integrate individuals with lived experience into the sector. This network amplifies the voices of people who have first-hand experience with the challenges our services address. By embedding these perspectives into our approach, we enhance the effectiveness and empathy of our services, ultimately improving outcomes for those we serve.

Sector Representation and Influence

SANDAS has continued to be a prominent voice in a range of government enquiries and consultations this year. Our involvement in the SA Cancer Plan, SA AOD Workforce Development Framework, SA AOD 2024-2030 Strategy, the SA Human Rights Act, the SA Youth Strategy, and the Adelaide Dry Zone Consultation has ensured that the needs and priorities of the alcohol and drug sector are well-represented in broader policy discussions. Our active participation in these consultations highlights our role as a key advocate and influencer in shaping policy and practice.

Conclusion

As we celebrate our 20th anniversary, I extend my heartfelt thanks to our dedicated staff, board, members, partners, and stakeholders. In particular, I would like to extend my thanks to our former Chair, Chris Chalubek who resigned from the position of Chair in June 2024 after six years on the Board of SANDAS. His unwavering support and commitment have been instrumental in our achievements and ongoing impact. As we look to the future, we remain steadfast in our mission to enhance community wellbeing and address the harm associated with alcohol and other drug use.

Together, we will continue to build on our legacy and work towards our vision of a strong well-resourced community sector working to prevent and reduce the harm of alcohol and other drug use in South Australia.

Alex Ingleton (She/Her)
Chair, SANDAS

executive officer's report

2023-24 has been an interesting year. It has been a year of consolidating what Covid forced us to learn – the flexibility of blended office/ homework, developing sector skills in telehealth, online learning and professional development, focusing on what's important rather than business as usual.

This year saw the end of our three year strategic planning cycle and the development of a new Strategic Plan for 2024-2027. We completed nearly all of our intended activities for the last Strategic Directions. Of the activities that remain outstanding, the first is related to gaining funding for a peer work strategy along the lines of those that exist interstate and in the mental health sector, and the establishment of a South Australian drug user representative body. Unfortunately, our pleas for a funded peer/lived/living experience workforce strategy fell on deaf ears. However, Sam has continued to coordinate the Peer Worker Network which has proven to be very valuable to the sector. We welcome the ongoing support of Adelaide PHN in delivering this project.

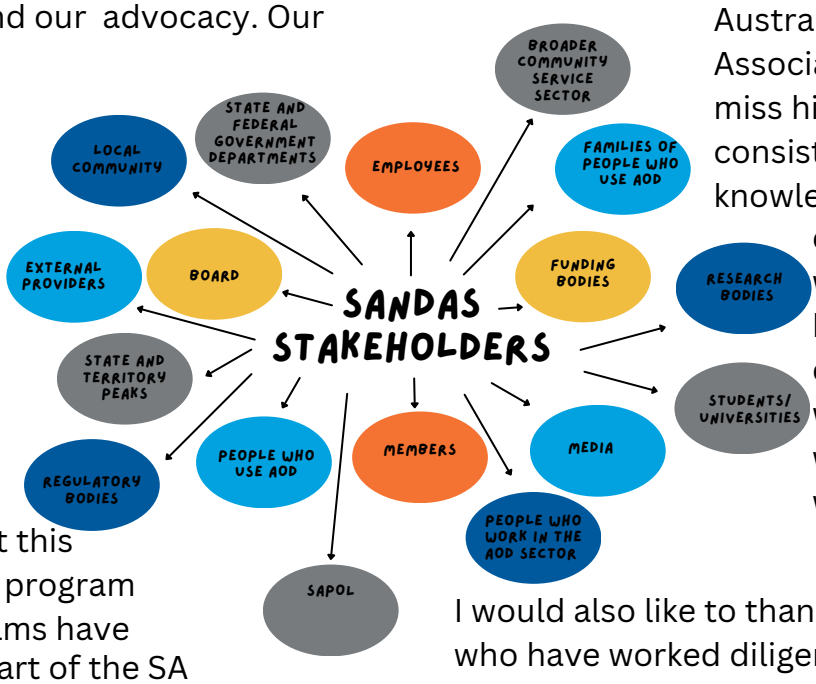
The other activity that we had identified was to support the establishment of a representative body for people who use drugs. SA is one of the only jurisdictions without such a body. In the final months of the year however, we started working with small group to establish a program. SANDAS, HepSA, AIVL and the Sex Industry Network (SIN) all contributed funds, as did DASSA to support a scoping exercise being led by HepSA in 2024/25. We look forward to the outcome of this project.

Country SA PHN provided funding to deliver rural training on Alcohol and other Drugs for Primary Health and related services. This training enabled me to travel to remote and regional South Australia and meet a broad range of workers from the AOD, mental health, community and primary health sectors in Murray Bridge, Ceduna, Port Augusta, Berri and Mt Gambier. I also visited Port Lincoln and Coober Pedy separately, both locations having unique issues. This provided the opportunity to see at first hand some of the challenges facing the sector and inform our advocacy to state and federal governments. I would like to thank the services that hosted me and spent time informing us on the issues they face.

Sam also led a significant program of training on topics identified by the sector, see the reports on workforce development later in this report. This work has created significant opportunities for workers and organisations to address some of the gaps we have in professional development as a sector and network.

executive officer's report

We have been very fortunate to work with the National AOD Peaks Network and the Australian Alcohol and other Drugs Council (AADC) on a wide range of issues. This has included major submissions at national level, and advocating for federal cost of service, wage case indexation and DATSM funding. The development of AADC as a powerful national voice and these collaborative relationships have been of significant benefit to SANDAS and our advocacy. Our most significant outcome was the retention of the SA Treatment and Supports Grants funding. This is worth just over $7 million per year shared between 10 organisations, for the 24/25 and 25/26 financial years. Whilst this started as innovative program funding, these programs have become an integral part of the SA service system. I would like to thank Mel Walker at AADC for her support throughout this advocacy and for the work done within the Federal Department of Health and Aged Care, Alcohol and Drugs Branch to secure the funding.



Consistent with our 2021-2024 Strategic Plan we continued our program of supporting students from the University of South Australia School of Social Work to undertake research based projects. Two projects were completed this year, one on marketing of alcohol to young people online and the other on media stigmatising of alcohol and drug use. Both are on our AOD Resources page (https://sandas.org.au/resources/).

I would like to thank the Board and the Staff for all their support and assistance over the year. Sadly for us, this year saw the resignation of Chris Chalubek as Chair, when he moved to be CEO of the Australian Refugee Association (ARA). We will miss his calm and consistent guidance, his knowledge and his experience. We wish him all the best in his new endeavours, and we look forward to working with ARA where possible.

I would also like to thank the staff team who have worked diligently throughout the year to develop and deliver our program of work. This has included the launch of our monthly newsletter, improved systems and engagement with the membership through meetings, consultations, trainings and networking. Finally, I would also like to thank the many members who have shared their time and expertise with us over the year. We could not have the impact we do without your input.

Michael White (He/Him)
Executive Officer, SANDAS

Strategic Planning

In December 2023 and February 2024, the Board of SANDAS met to develop a new Strategic Plan 2024 – 2027 this is part of our regular long term planning cycle. The Board undertook a comprehensive environmental scan to inform this work which included looking at feedback from recent member surveys, site visits, meetings between members and staff, information from networks such as the Peer Network and the Co-morbidity Network and a range of research that informed us about both state and national issues. The Board is committed to working towards achieving the outcomes of the plan.

Annual Forum

The 2023-24 Annual Forum was conducted on the 23rd of May 2024. Presentations included a briefing from Vicky Cock, Statewide Clinical Director, DASSA on the changes being implemented at DASSA and Preventive Health SA. We also had presentations by member organisations including the Aboriginal Drug and Alcohol Council and Uniting Communities, as well as Adelaide PHN and Country SA PHN. The forum also included the launch of the SANDAS Strategic Plan 2024 – 2027 and consultation with the sector on key issues facing the sector, service delivery gaps, and workforce development needs. Feedback was all very positive.

Advocacy

We undertook advocacy at a state based level on a range of issues including drug re-regulation. We called for the establishment of an SA based inquiry into the decriminalisation and/or legalisation of currently illicit dugs with the outcome of the inquiry to include recommendations on how SA could build on national and international evidence to develop world leading, health led policies on drug regulation. This work will continue into the future and hopefully we can develop a system which more fully engages with demand and harm reduction.

At federal level we have advocated for more funding, the reestablishment of a sector governance model and the development of improved service commissioning. This year we have again seen the federal government fail to met the cost of doing business increases, late acquittal of funding and short term rollovers of funding. We were greatly assisted in this work by our relationship with the Australian Alcohol and Drug Council and the National AOD Peaks Network. This included regular meeting with the Department of Health and Aged Care Alcohol and Drugs Branch and representatives of the National Indigenous Australians Agency (NIAA).

Media

As ever we have worked with media organisations to improve coverage of alcohol and other drug issues. This has seen some important issues addressed in the media around stigma and discrimination, drug checking, liquor licencing and a number of

other topics. Unfortunately we still see the use of stigmatising and degrading language by the media when they want to drive moral panic in the community. Our engagement with UniSA students from the Community Outreach Centre saw a significant research report developed by the students which provided recommendations on how journalists could do a better job in this space.

Workforce development

Workforce development (or the lack of it) remains a significant issue for the sector. We worked at a systemic level on this issue with DASSA developing the SA AOD Workforce Development Framework. This is a document that identifies the workforce development needs of the sector and identifies strategies to address those needs. Unfortunately the activities in the Framework remain unfunded for the most part. However, in term's of practical action we again delivered a successful program of workforce development activities including the Annual Symposium, the Annual Sector Forum, a range of online seminars and face to face workshops in Adelaide and around rural SA. We also enhanced our communication strategies about workforce development, continuing to use the eNews to promote local and national events and highlight events in our monthly SANDAS Newsletter. Additionally we represented the sector on the national HumanAbility Industry Reference Committee for Community Services and Health, the National Centre for Education and Training on Addiction Advisory Board, the UniSA Justice and Society Psychology Curriculum Advisory Committee, the Australian Professional Society of Alcohol and other Drugs Scientific Program Advisory Committee and the Drug and Alcohol Nurses Australasia Conference Advisory Committee.

These representative roles enable us to centre the needs of SA AOD treatment, support, early intervention, prevention and education providers on the national and state agenda.

2004-2024 timeline of achievements

2004/05 — SANDAS formally established, located at 218 Wright St Adelaide.

2005/06 — SANDAS received it's first 3 year core funding from the State Government through the Department of Health, enabling it set up an office, employ staff and begin to function as a fully-fledged Peak Body. SANDAS conducted it's first member survey.

2006/07 — Illicit Drug Diversion Project established for two years to support the implementation of PDDI in SA.

2007/08 — SANDAS moved to 204 Wright St Adelaide where we remain to this day!

2008/09 — Initial funding received for the 'CSCBSPP' capacity building project that evolved into our federal government funding.

2009/10 — Developed a successful e-learning module for frontline worker training and development.

2010/11 — SANDAS co-hosted the National Improved Services Initiative Conference -A Tale of Two Systems: Alcohol and Other Drug and Mental Health Co-Occurrence in conjunction with NCETA and the other State Peaks.

2011/12 — Developed and delivered 'Safe Care of Intoxicated People' and Comorbidity training in partnership with Adelaide University.

2012/13 — SANDAS website launched and the SANDAS Connector Newsletter commenced. Implemented a successful consumer voice program.

2013/14 — SANDAS turns 10!

2014/15 — Hosted a two day conference on alcohol and other drug treatment in South Australia titled "Creating a Leadership culture in the AOD Sector in South Australia.

2015/16 — Developed a gambling resource for the AOD sector, "Slots and Shots: A Resource for AOD workers" in collaboration with Odyssey House Victoria and the National Centre for Education and Training at Flinders University, funded by the Victorian Responsible Gambling Foundation with SA versions funded by the Office for Problem Gambling (DCSI).

2016/17 — The first year SANDAS ran the SA Treatment Sector Forum and the SANDAS Symposium, both are now national events.

2017/18 — Published the SA Specialist Alcohol and Other Drug Service Delivery Framework which underpins the commissioning of state government funding.

2018/19 — SA funded services were retendered with new contracts moving to a 3+3+3 year term providing significant stability for the sector. Significant and successful advocacy for the continuation of Equal Remuneration Order (ERO) funding.

2019/20 — Provided significant support and connection during COVID-19 pandemic. Utilising funding from the Commonwealth Department of Health, SANDAS provided PD workshops to AOD workers in identified areas of need, with our partners 360 Edge.

2020/21 — Shifted delivery of many events, consultations and trainings online to enable ongoing workforce development and networking during the pandemic.

2021/22 — Established online seminar series in response to COVID-19. Commenced UniSA Community Outreach Centre collaboration on student placements, resulting in 4 reports on AOD issues over 3 years.

2022/23 — Established our Reflect Reconciliation Action Plan. Held the SANDAS Drug Regulation Roundtable.

2023/24 — Secured refunding of the SA Treatments Grant Funding worth over $7 Million per year for a further two years.

SANDAS TURNS 20!!

SANDAS Annual Report 2024

training highlights

Guest Speakers and Events

SANDAS provides guest speakers and representatives for events that provide community education, cross-sectoral knowledge sharing and professional development. This year saw staff present at:

- DASSA's International Overdose Awareness Day event
- Workforce Australia, Local Jobs Program meeting for organisations providing employment support to people with disabilities
- The Carer's Place staff team (NDIS Provider)
- AOD Basics & Stigma awareness Community Corrections staff
- Senior Policy & Project Officer presented at the APSAD Conference on the work of SANDAS in the Lived and Living Experience Workforce space
- Executive Officer was invited to speak at the annual Family Drug Support Day event at Parliament House, Adelaide.

SANDAS Symposium 2023

The 2023 SANDAS Symposium was held in September 2023 and was themed on Supporting our Lived Experience Workforce.

Speakers included:

- Nadia Gavin, Fuse Initiatives Program Coordinator, Harm Reduction Victoria
- Kat Morrison, General Manager, Sex Industry Network
- Associate Professor Kate Seear, La Trobe University
- Dr Christina Marel & Dr Melinda Beckwith, Matilda Centre, University of Sydney
- A panel of AOD Lived and Living Experience workers answering questions about peer work in the SA AOD sector.

Comorbidity Workshops

Comorbidity workshops were delivered to AOD and broader community workers in Mount Gambier and to AOD workers within Uniting Communities, with approximately 60 attendees. The workshop was delivered by SANDAS' Senior Policy & Project Officer and covered the fundamentals of AOD issues, Mental Health disorders, and approaches that have evidence for effectiveness when working with clients who are experiencing co-occurring issues.

Trauma Informed Care

A Trauma Informed Care one day workshop was delivered to the sector with 30 attendees, delivered by Annie Dennis, a practitioner from Victoria.

training highlights

ATP webinar

SANDAS provided an online seminar in partnership with DASSA and the SA Fines Enforcement Unit to raise awareness in the sector of the Approved Treatment Programs Scheme which enables clients of AOD services to reduce the amount of money they owe through fines by achieving consistent attendance at an approved AOD program.

SANDAS Seminar Series

The SANDAS Seminar Series was run in March 2024. This is a series of lunchtime seminars offered over a few weeks and recorded for later online access.

This year's seminars included:

- Preventing Alcohol Harms – Dr Catherine Earl, FARE
- AOD Lived & Living Experience Workforce – Brett Hodges & Mat Tipping, Insight
- Vaping: All smoke and no fire? – Dr Victoria Cock, DASSA

SA AOD Peer Network

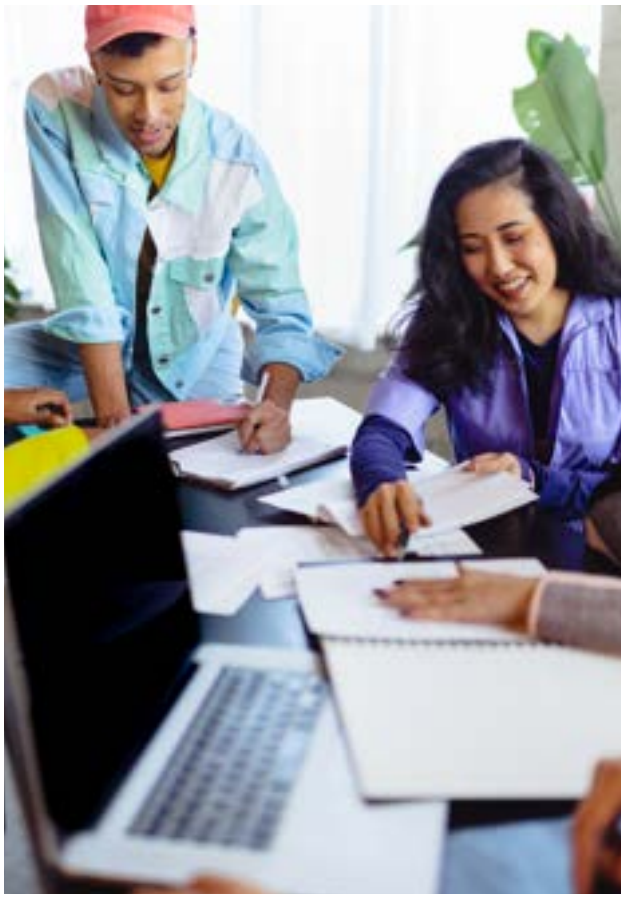
Four AOD Peer Network forums were held in the reporting period with an average attendance of 15-20. These forums are an opportunity for Lived and Living Experience workers to connect and support each other in their work and to share information on the programs they support. This included the provision of a workshop on 'Telling Your story' delivered by author and journalist Jenny Valentish.

State AOD Treatment Sector Forum 2024

The 2024 SA State AOD Treatment Services Forum was held in May, which included opportunities for AOD workers to network and provide input into a consultation on advocacy issues that are important to the sector to inform the work of SANDAS.

AOD Workshops for Primary Health and Community Services

SANDAS was contracted by Country SA PHN to provide a series of workshops in Alcohol and Other Drug Issues for Regional Health and community workers in several locations.



treasurer's report

I am pleased to present the Treasurer's report on behalf of the Board of SANDAS for FY23/24.

Income Statement

SANDAS had a net profit of $47, 177, an increase of 95% from FY22/23's $24, 195 mainly due to an increase in consultancy service fees and interest income. Total Net profit for FY23/24 was 8.5% of the total income compared to 5.1% in FY22/23.

The major source of income came from grants, representing 85% of total income whilst the other 15% came from member contributions, consultancy service fees, workshops, forums, and interest income.

Grant funding includes $252, 304 from the Commonwealth Department of Health (CSCBSPP funding) and $193, 096 from SA Health (DASP funding).

Salaries and Wages represent 78% of the total expenses and includes an increase in leave accruals provisions due to a change in our Long Service Leave accrual policy.

Balance Sheet

Members' funds increased by 12.3% from FY22/23 with a balance of $428, 833 as of 30 June 2024. This puts SANDAS in a stable financial position to continue to deliver and achieve its objectives serving the South Australian Alcohol and Other Drug sector.

The cash balance at 30 June 2024 was $520, 060, giving SANDAS strong liquidity, with a current ratio of 5.54. Auditor Letizia Palmer (Chartered Accountants) were contracted as auditors and provided accounting and audit services to SANDAS. An unqualified audit opinion has been issued on the financial statements showing full confidence in SANDAS being able to meet its reporting, legal and regularity obligations.

- Department of Correctional Services AOD Strategic Framework Governance Group
- Coober Pedy Alcohol Management Group

Media releases

- Detection of highly potent opioids in MDMA at festivals prompts emergency warnings and renewed calls for pill testing
- Say no to the harmful Sex Industry Bill - SANDAS supports the Sexworker Industry Network's call to reject the Nordic Model
- SANDAS welcoming outcomes of Federal Budget 2024
- The detention of children in adult facilities is unacceptable

Media Interviews

- ABC Drive – AOD Use in SA
- ABC Mornings – Glenelg Rehab Facility
- The Advertiser - "Glenelg drug and alcohol rehab facility given the green light".
- The Advertiser - "'Everyone's dealing it': How Snapchat is being used to sell cocaine in Adelaide"
- "Advocates say Australia's war on drugs has 'failed'. Is decriminalisation the answer?"
- The Advertiser - "These people aren't junkies': Advocate defends proposed Glenelg rehab centre"
- The Advertiser - "Meth use on the rise across Australia, expert says alcohol and nicotine the most problematic"
- Regular communication with a number of journalists to address the issue of stigma, discrimination and factual issues in their reporting

representation and submissions

State Representation

SANDAS met with the following to represent the interests of the SA AOD sector:

- Meeting with Minister for Health and Wellbeing - Chris Picton
- Meeting with Minister for Human Services Nat Cook
- Regional Council meeting in Mount Gambier in support of Uniting Communities
- Murray Bridge AOD Sector Network meetings
- Limestone Coast AOD Regional Summit

National Representation

SANDAS met with the following to represent the interests of the SA AOD sector:

- Australian Alcohol and Drugs Council including AADC Policy Officers Network
- National AOD Peaks Network
- HumanAbility Industry Advisory Committee (Community Services and Health)
- APSAD Scientific Program Committee – 2023 and 2024 Conferences
- 2023 APSAD International Conference
- National AOD Peaks Capacity Building Network including presentation to APSAD 2023 Conference

Submissions

- Submission to the South Australian Parliament's Social Development Committee, Inquiry into the potential for a Human Rights Act for South Australia
- Consultation on a new SA Cancer Plan
- Letter to Minister Picton - re: Salvation Army Sobering Up Service
- Letter to Commonwealth Minister for Health Mark Butler regarding concerns about SA AOD Funding
- Letter to Attorney General seeking removal of capping Police Drug Diversion Initiative (PDDI).
- Cosignatory on letter to National Cabinet with FARE on alcohol issues
- Co-signatory with AADC on Submission to National Autism Strategy
- AGD: The health reasons for raising the age of criminal responsibility to a minimum of 14 years of age
- Adelaide City Council Dry Zone submission
- Letter to Chief Medical Officer regarding concerns over Safer Places to Gather
- Liquor Licensing Commission: Concerns about voluntary liquor licensing restrictions in the CBD

strategic goals and values

2024 - 2027 Strategic Goals

1.
Elevate the voices of our members.

2.
Developing and supporting our workforce.

3.
Driving growth and continuous improvement.

Formed in 2004, SANDAS is the peak body representing South Australia's Non-Government Organisations (NGO) working in the Alcohol and Other Drugs (AOD) sector.

SANDAS acknowledges and appreciates ongoing support from:

- Commonwealth Department of Health and Aged Care
- SA Department for Health and Wellbeing – Drug and Alcohol Services SA (DASSA)

SANDAS acknowledges the Kaurna Peoples and recognises their continued relationship to and custodianship over the lands and waters of the Adelaide Plains where we are based, and acknowledges all the First Nation's peoples on whose land we work. We pay our respects to Elders past, present, and future.
